A child's imagination often brings monsters to the bedroom. It can be very difficult to convince them that there are no monsters under the bed or in the closet. Children think emotionally, not rationally, so telling them that "there are no such things as monsters" may take time for them to understand. No More Monsters is a pop-up monster trap storybook tells a story about a child who confronts his fear of monsters, by setting up a trap and searching his room, only to find his trap is always empty. Therefore monsters must not exist and there is no reason to fear them at bedtime!
